

EXPLORING NWA

My Top Ten Favorite Things to do in Northwest Arkansas!

□

1

Eat Good Food

I love **Arsaga's Mill District and Hail Fellow Well Met** for a sit down breakfast. Try **Mamaka Bowls** for a quick, lighter option. Take a photo on the swing while you're there! **Wright's BBQ** serves the best BBQ lunch in the state and **Local Lime** serves the best fajitas and margaritas! Make reservations at **Atlas, Vetro 1925, or Preacher's Son** for a nice gourmet dinner.

2

Drink Coffee

Arsaga's at Church & Center is "Fayetteville's original and essential coffee institution." They also offer a variety of toasts for a light breakfast. Another favorite is **Onyx Coffee Lab**. Try the "Onyx Delight." It never disappoints. If you're traveling through Johnson stop at **Hail Fellow Well Met** and try the Terra Cotta Latte. Amazing.

3

Hit The Trails

If you need some fresh air and want to enjoy nature, Arkansas has plenty of trails to choose from. Whether you walk, hike, cruise, or mountain bike, you'll find the trail you need. Need to rent a ride? Download the **Veo** app for shared e-scooters and bikes. Call **Phat Tire** for mountain or road bike rentals. You can find the trail map here: www.fayetteville-ar.gov/3542/Walking-and-Hiking-Trails

4

Stroll Back in Time to More Simple Days

The Fayetteville **Farmer's Market** is held on Saturday mornings from March through November. All year long you can stop by **Sit & Spin** for a retro photo in a laundromat that serves good food! If that isn't enough go by **Block St. Records** and **Arkadia**!

□

5

Wander the Local Boutiques

By Request is a Fayetteville staple for high end clothing. Pick up some game day attire at **Riff Raff** on the Square. Next door, **City Supply** is your source for gifts and all those Arkansas goodies. **Freckled Hen Farmhouse** is sure to have that item you never knew you needed! If that isn't enough there are many more boutiques throughout NWA.

Find Inspiration at Museums

Bentonville is the home of both **Crystal Bridges Museum of American Art** and **The Momentary**. Crystal Bridges sits on "120 acres of Ozark nature" with "5 miles of sculpture and walking trails" linking the museum to downtown Bentonville. The Momentary is a nearby contemporary art space that is a satellite of Crystal Bridges.

□ 7

Find Perfect Instagram Worthy Spots

A visit to Fayetteville isn't complete without a picture in front of the "**Fayetteville is my Favorite ville**" mural right off the square. Map to the Experience Fayetteville Visitor's Center and then walk to the back of the building. Go to this web address for a map of all the murals in Fayetteville. <https://maps.fayetteville-ar.gov/PublicArt/>

□ 8

Eat Dessert

Alchemy is a favorite! They make the perfect macaron in a variety of flavors. If you want a quick drive through try **Shakes Frozen Custard**. Hungry for cake or pie? Check out **Briar Rose Bakery**. You won't regret it.

□ 9

Listen to Live Music

George's Majestic Lounge is the oldest live music venue in Fayetteville. It's been around since the 1930s! If you need a more laid back atmosphere, **Sassafrass Springs Vineyard & Winery** offers live music on the patio on specific evenings. If you want to create the live music, check out **Big Box Karaoke**. You can reserve a room online.

□ 10

Enjoy an Adult Beverage

The Vault is a bar with great atmosphere. For a bar with a fun, playful vibe check out **Pinpoint**. If you're in Rogers try **The Foreman**. If you're in Bentonville try **Undercroft**. If you're looking for a good wine list, try **Vetro 1925**, **Theos**, or **Bordinos**. If you want to get really creative look up **Pedal Pub** in Fayetteville.
